

# DIS SOLVETECH PLUS

helps to prevent limescale

**THE NEW RANGE OF TOILET TISSUE THAT HELPS TO PREVENT THE FORMATION OF LIMESCALE.**

# DISSOLVE TECH PLUS: THE NEW RANGE OF TOILET TISSUE BY PAPERNET

The **Dissolve Tech Plus** line by Papernet is designed to offer an **innovative solution** against **limescale**.

Ideal for all bathroom settings, **Dissolve Tech Plus** is a professional, **dermatologically tested range** of **toilet tissue**, developed with innovative technology that **helps to prevent the formation of limescale**, keeping toilets clean and fresh, thus reducing costs linked to extra cleaning and the use of chemical products.

DIS  SOLVETECH PLUS  
helps to prevent limescale **PLUS**

## AN EFFECTIVE RANGE

---

DIS  SOLVETECH  
helps to prevent limescale **PLUS**

- . Helps to combat the formation of limescale**
- . Reduces the pH of the water**
- . 4 Toilet Tissues**
- . Ecolabel and FSC certified**
- . Dermatologically tested**

# HOW LIMESCALE IS FORMED

---

## Limescale forms due to the presence of calcium and magnesium in the water...

that build up into solid, chalk-like deposits. A very common-place occurrence that often **causes significant problems**, restricting the flow of water and affecting the flush process.

## The build-up of limescale can cause bathroom fixtures to malfunction...

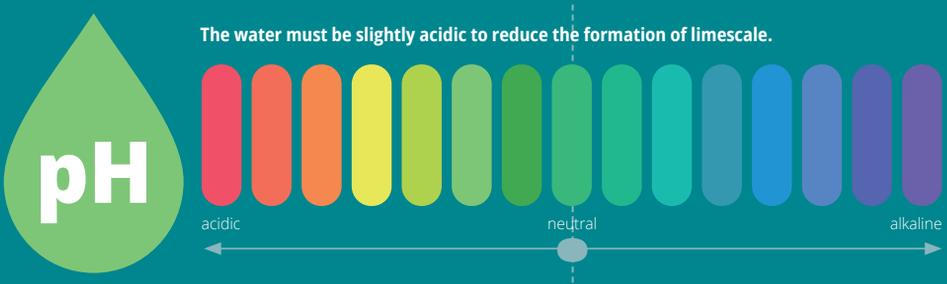

which may lead to costly repairs or require full replacement. **Limescale deposits also become fertile ground for bacteria** which affect the hygiene of the bathroom. Choosing **Dissolve Tech Plus** means

- . **saving money**
- . **maximum hygiene**
- . **continuous efficiency of bathroom fixtures.**

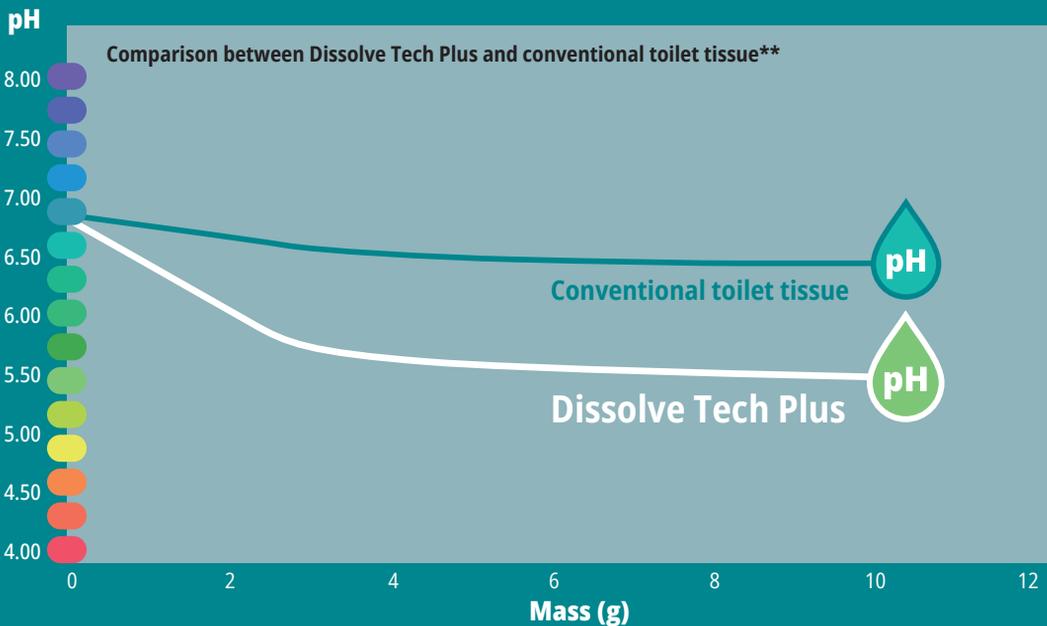

# DISSOLVE TECH PLUS: PROVEN RESULT

Laboratory analyses\* have shown the **effectiveness** of the **Dissolve Tech Plus** range.

Its special formula **alters the pH of the water**, by lowering it and **helping to combat the formation of limescale**, thus preventing the build-up of deposits.

\*Analysis by the Centro Qualità Carta in Lucca

\*\*The analysis was carried out by comparing a 3-ply, pure cellulose, conventional roll, measuring 11.9x9.8 cm, with a 2-ply, pure cellulose Dissolve Tech Plus Mini Jumbo roll, measuring 30.5x9.6 cm.
